### Dimensions

### Part Number

R-FA4KZ/PG7

### Features

- Field connectors for quick cable repairs and connections
- Metal screw terminals for a tight connection
- Perfect solution to mate cables to distribution blocks
- Compatible with devicenet block connections

### Technical Data

|                   |                           |
|-------------------|---------------------------|
| Connector Type    | M12 A-Coded Female Angled |
| Number of Poles   | 4                         |
| Cable             | 4-6 mm                    |
| Connection Type   | Screw Terminal            |
| Body              | PA6 + GlassFiber          |
| Contact Insert    | PA6                       |
| Contact           | Au Plated CuZn            |
| O-Ring            | NBR                       |
| Coupling Nut      | CuZn, CuSnZn Plated       |
| Rated Voltage     | 125 V                     |
| Rated Current     | 4 A                       |
| Protection Class  | IP 67                     |
| Temperature Range | -25 C - +90 C             |
| Wire Gauge        | 18 AWG max                |
